

## Welcome to Tattoo Course

### Training content:

You will tattoo on artificial skin or optionally on a model. By request you can take a model with you but it will cost the half of the price for the current tattoo. Furthermore, are only small tattoos possible.

### Theory:

- Regulatory framework (information sheet from Bayerisches Landesamt für Gesundheit und Lebensmittelsicherheit)
- Social skills (consultation, obtain an agreement, clear contraindication {settle sickness and age of the costumer}, take away the anxiety of the pain etc.)
- Structure and anatomy of the skin
- Emergency plan (what happens when something went wrong? How shall I react?)
- Hygiene (sterilization and disinfection – you can take a look of suitable products on [www.vah-online.de](http://www.vah-online.de))
- Self-protection and contamination
- Material science (needles, tattoo colour etc.) and waste disposal
- Integration into current business
- Requirements and fixture of tattoo-rooms
- Theoretically explanation of tattooing

### Practice:

- Preparation arrangements for the tattoo-room (workplace preparation: disinfection, pattern, skin, material)
- Finally: Tattooing! (practice on artificial skin or models, like mentioned above, or we could provide models for payment)

### Tattoo-variations:

- Lines, shading, filling
- Styles: Oldschool, Newschool, Tribal, Maori, Lettering, Comic, Black/Grey, Realistic, Dotwork

### Optionally:

As an offer from ours you can order your own basic equipment including a tattoo machine.
